Program Materials**

August 2010

Collegiate Certificate in Fundraising Program Overview

The Program

As a member of an AFP collegiate chapter, you can further your knowledge of the nonprofit sector by working towards an AFP Collegiate Certificate in Fundraising. Completion of this certificate is a way to communicate your comprehensive understanding of fundraising by demonstrating your commitment to ethical and effective fundraising practices through education, work and volunteer experience. [Note: this certificate is a certificate of achievement from AFP and *not* a certification or credential.]

Certificate Requirements

- 100 points necessary to earn a certificate
- Meet minimum requirements in each of the five categories
- Must be an active student at the time the certificate criterion is completed
- Written explanation to support experiences
- Meeting with collegiate or professional chapter advisor

The Process

The certificate program is designed to be achievable in one academic year, but applicants may take up to three years to complete the criteria if desired. The certificate process is comprised of a written application that details experience in each of the 5 required categories. Applicants are responsible for tracking and providing information for each section on the provided tracking sheet. Completed applications are to be submitted to the collegiate or professional chapter advisor for verification. Each collegiate chapter is responsible for determining what constitutes verification; however, as a reminder, each member of AFP has signed adherence to the Code of Ethics and Standards and in signing the application, upholds all aspects of the code.

75 of the 100 points are required in specific areas. The remaining 25 may be assigned at the discretion of the collegiate chapter to provide a more customized experience. In the event the chapter does not provide additional stipulations on how the additional 25 points are to be met, the application may account for those points as they wish.

Upon completion of the application, a meeting is required with either the collegiate or professional chapter advisor to review the application. Following the review of the application, the application will then be submitted to AFP International Headquarters (IHQ), along with a \$25 application fee, for final approval. Upon approval, certificates will be sent to the recipient via mail.

Getting Started in the Collegiate Chapter

Before announcing the program to chapter members, please consider the following messages:

1. Encourage your student members to start a binder or portfolio where they may house their documentation for ease of tracking.
2. There are 25 points available for your chapter to set requirements. We suggest that your executive committee board members meet and decide if those points will be required in certain areas or up to the individual.
3. In order for students to successfully track their points, advise them to obtain meeting agendas and any other printed evidence to support these points. Tracking will be at the advisors' discretion and supplemental materials will not be required by IHQ for final review.

Note: AFP collegiate chapter members who have been active as of fall 2009 will be grandfathered into the certificate program and have the ability to count any of the criterion completed from fall 2009 to present toward their certificate. All other program requirements stand as is.

Collegiate Certificate in Fundraising Criteria

Education: Ethics – minimum 5 points

20 points: 3 or 4 credit university course on ethics

Collegiate Certificate Application

Member Information

Member Name _____

Address _____

Phone Number _____

Email Address _____

Date Range of Eligible Activities _____

Certificate recipients must be active students at the time the certificate criteria are completed. Certificate criteria are designed to be achievable in one academic year, but applicants may take up to three years to complete the criteria if desired. When completing this application, please provide the activity date, a brief description of the activity and the points awarded for each activity. Each category should have a subtotal of earned points and cumulative point totals are reflected on the cover page of this application.

Submission Instructions: All applications must be verified at the chapter level before being sent to AFP IHQ. Forms submitted directly to AFP IHQ will be returned back to the member for verification by the collegiate or professional chapter advisor. Please send completed forms and \$25 application fee to: AFP IHQ, Attn: Collegiate Certificate Program, 4300 Wilson Blvd., #300, Arlington, VA 22203.
